3.1 Meetings and Activities

As you might know there are 12 persons active in the Board and EAB.

In 2017 we met bi-weekly for a 1h-hangout and three on location meetings (QSA quarterly summit of the T3A) since the last GA in 2017.

The individual work time effort of the board and EAB members ranged from 4h to 8h a week, for some positions even exceeding these efforts.

We have been visiting TYPO3 events to represent the T3A and carried out Q&A sessions and introduced the new community membership on CertiFUNcation 2017 and other opportunities.

We started with a complete presentation of the complete T3A team on stage during the DevDays 2017 in Malmö.

Financial 2017 best year for the association (Olivier has the facts).

3.2 What we worked on in 2017 (Initiatives and Workgroups)

• Ho! We did a reboot!! (Strategic reset – November 17 QSA)
• T3CON18
• Academic Membership has been set up
• Community Membership has been set up and is a great success with 179 new members
• Trademark securing activities:
  • Improved co-operation with Euromaier and settled more trademark infringements than ever.
  • Working on a trademark usage license for third party users.
• Handling communications (talk to Peter about improvement in the in-queues)
• Initiated T3C3: TYPO3 Communication Coordination Committee: Finding a common way of communicating
• Initiated Content Group (formerly known as Communication Group): Content Production Resources (Member newsletter), finding people in various areas (translators, writers, proofreaders, editors)
• Initiated collaboration with Open Strategy Partners (OSP – Jam & Tracy)
• Scaled down our co-operation with Finck and Fuchs
• New concept for event vouchers and handling
• TYPO3 goes Africa

4 Annual report by Expert Advisory Board (EAB)

The EAB was functional and met on a bi-weekly basis and in 3 QSA (joint Board/EAB) meetings over the last year.

• We helped the budget owners reach their financial goals in 2017.
• We overhauled the complete budget process with the aim to reduce bureaucracy and be more strategic. We categorized the budgets into the 3 budget pools “Development”, “Infrastructure” and “Innovation”. The first 2 pools were fast-tracked. For the “Innovation” pool we introduced a 2-step process.
  • The first step was a call for budget ideas which we announced while communicating how much funds we have available. The entry hurdle was fairly low and we received 24 ideas of which we accepted 17 and rejected 7.
  • The second step consisted of receiving binding budget applications and approving them.
• We continued our collaboration with the board in joint workgroups and meetings. Outcome of those activities are
reported on in the board report.
• We elected the board at the last GA.

Dominik Stankowski is leaving the EAB and Rino Razzi and Robert Lindh went for re-election for a new term.

5 Annual report by Business Control Committee (BCC)

Report from the BCC for the general assembly of the TYPO3 Association regarding the bookkeeping for 2017. The BCC has reviewed the bookkeeping from 2017 on an accounting basis for each month. The basis for this was accounting balance sheets for each account and the full access to the digital archive of all invoices. Ambiguous bookings and namings were clarified by the assistant of the cashier.

The communication with the TYPO3 Board is on a stable and good workflow. The final bookkeeping is in good order, all problems which were found during the reviews have been solved by the TYPO3 Association. Overall in 2017 the spending has been in line with the granted budgets.

Some remarks:
The education committee has made more than 80.000 Euros profit in 2017. Nice!

The complete development of the core (aka the Core Budget) is handled by the TYPO3 GmbH, so this is not part of the bookkeeping of the Association anymore. Therefore the overall figures are not really comparable to the previous years.

During the end of the year the BCC was able to review the bookkeeping of the TYPO3 GmbH. Since the TYPO3 GmbH is a 100% daughter of the TYPO3 association we assume that the BCC must also review the complete bookkeeping of the GmbH.

We used 2017 to streamline the processes with the GmbH and will continue in 2018. Since we all know the GmbH was founded less than 2 years ago, the current processes are ok and have room for improvements.

In 2018 the official buddies of the GmbH (especially a supervisory board) must work as expected.

The final bookkeeping for the GmbH is in good order, all problems which were found during the reviews have been solved by the TYPO3 GmbH.

In 2018 the BCC wants to review the bookkeeping at least on a quarterly base, including not only the balance sheets but also including the business assessment (in German BWA).

6 Annual balance sheet and report by the cashier

Alain Veuve went through the annual report and balance sheet and explained the numbers. You can download the report from the GA 2018 page (https://typo3.org/association/how-it-works/general-assembly/2017/).

Main facts:
• The income stream was stable
• Events were more expensive than expected
• The education team did not use the majority of the budget

Alain Veuve reports that the balance sheet has been approved by the Board.

Mathias Schreiber provided a presentation about the current state of the TYPO3 GmbH. You can download the report at https://typo3.org/project/association/structure/general-assembly/2018/.

We received applications for EUR 1.5M (2017: EUR 1.1M).

The approved expenses are spread over the pools as follows:

- Infrastructure: EUR 300,000 (for operational budgets)
- Innovation: EUR 245,000 (for innovation, events and education budgets)

The total projected expenses are EUR 895k.

13 Petitions

13.1 Petitions of the members

None this year.

13.2 Petitions from the Board

Petition 1: Change of the by-laws
We want to introduce a smaller combined board in 2019. At the moment we have 6 Board and 6 EAB members. In future we do want to have 9 Board members in a combined body. This should lead into faster decisions. Also we want have the full Board to be elected by the members and we drop indirect elections.
Read our full draft (https://typo3.org/project/association/by-laws/). See only the changes (https://typo3.org/project/association/by-laws/by-law-changes-2019/)
Result: 55 Votes, 3 abstain, 0 against

Petition 2: Decrease the EAB temporary to four members
For the current EAB election we have only two nominate. As we want to reduce the number of Board members, we ask our members to accept an EAB with only 4 members in 2018, which will lead to 10 Board members, instead of 12 (Board and EAB combined).
Result: 52 Votes, 6 abstain, 0 against

Petition 3: Proceed a full Board election in 2019
With the introduction of the new by-laws, we want to start with full election of the Board to the GA 2019. 5 positions should get a period of office of two years, 4 positions should get a period of office of one year. The idea behind is, that we want to have elections every year and if only the half of the Board is re-elected, it is easier to get more continuity. The nominees of the next election must state if they want to get elected for one or two years.
Result: 52 Votes, 6 abstain, 0 against

14 Program of activities

Reports are available typo3.org (https://typo3.org/project/association/) and additionally we have introduced our member newsletter.
